Mr. Clarence Kelley, Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C. 20535

Dear Mr. Kelley:

Attorney General Levi has informed me that the Bureau would like to meet with Mr. Harold Weisberg to discuss the implementation of his request for access to the results of certain scientific tests which were performed for the Warren Commission. I suggest that you give me a call to set up an appropriate time, preferably some day next week.

Mr. Weisberg would prefer that we--and the Bureau--be allowed to tape record this conference. Is that agreeable to you?

Sincerely yours,

Jim Lesar
